

WEEK 12 QB STREAMERS

LOOKING FOR PLAYERS ON LESS THAN 55% OF ROSTERS IN YAHOO

1

MATT RYAN - (ATL) - @ JAX

Despite struggling the past couple of games against DAL & NE, he gets a bounce-back matchup against one of the league's worst defenses in JAX. If Cordarrelle Patterson returns from injury, I would consider streaming Ryan as he's been productive against bad defenses (over 240 yards and two TDs against NYG, WAS, NYJ & MIA). If Patterson is out, then I'd likely consider another option below.

2

BEN ROETHLISBERGER - (PIT) - @ CIN

Coming off one of his better games this season, he has been solid recently, throwing for more than 200 yards and a couple of TDs in three of the past five games. Facing a questionable CIN defense, I can envision him with another solid performance and consider him a high floor, low ceiling type of spot start. I would be anticipating somewhere between 16-21 points, just enough not to lose you your matchup.

3

TAYLOR HEINICKE - (WAS) - VS SEA

Throwing for over three TDs last week, I'm not expecting that type of performance here. However, Heinicke has looked better in recent weeks, not turning the ball over in consecutive games and surpassing 250 yards in three out of four games. There's undoubtedly some risk against SEA, but the offense has looked better recently. I would consider Heinicke a boom or bust option, mainly in superflex leagues.

4

JIMMY GAROPPOLO - (SF) - VS MIN

With a solid performance last week, Jimmy G has thrown at least two TDs in three consecutive games. Facing a beatable but still decent MIN defense, I'm not too worried about the matchup as I believe he is a high floor option that can get you 15 points out of desperation. I expect MIN to score, so there should be enough passing volume to make him worthy of a spot start.
