

# WEEK 16 WAIVERS (ARCHIVE)

LOOKING FOR PLAYERS ON LESS THAN 45% OF ROSTERS IN YAHOO

1

## RONALD JONES - RB (TB)

The injury to Leonard Fournette has opened up an opportunity for Jones to take the lead role. While we don't know the extent of Fournette's injury, it wouldn't be a bad idea to add Jones as a possible flex option. With matchups against CAR and NYJ, this could be one of those pickups that win you your playoffs.

2

## RUSSELL GAGE - WR (ATL)

With at least 60 yards in four consecutive weeks, he has been one of the primary receiving threats for the depleted ATL offense. Seeing double-digit targets in two of the last three games (no less than six in five games), he will continue his new role as a PPR WR3 as long as Ridley remains out.

3

## CRAIG REYNOLDS - RB (DET)

Who knew I would recommend a DET RB not named Deandre Swift/Jamaal Williams. With both guys out, he filled in as the lead back over the past two weeks averaging almost 100 yards over two games. Because of the rushing volume (37 carries), he has become a desperation plug and play RB if Swift/Williams misses time.

4

## AMON-RA ST. BROWN - WR (DET)

With TE T.J. Hockenson out for the season, this opened up targets for St. Brown to take advantage of. In the two games where TJ was out, Brown had double-digit targets and was one of the underneath threats within the passing game. I'd typically avoid the DET WRs, but it's worth a speculative add in PPR leagues.

# WEEK 16 DEF STREAMERS

LOOKING FOR PLAYERS ON LESS THAN 55% OF ROSTERS IN YAHOO

1

## NO VS MIA & PHI VS NYG

Refer to the playoff matchups download on the website.

2

## LOS ANGELES CHARGERS VS HOU

Facing a bad HOU offense, I'm willing to bet that this defense will not allow HOU to score 30 points again. Despite giving up 34 points last week, they have generated a sack and multiple turnovers in three consecutive games. With a good matchup, I consider this defense one of the safer options available.

3

## SEATTLE SEAHAWKS VS CHI

I understand that this is not a popular option, but with a favorable matchup against CHI, this is an interesting matchup to consider. They have forced a sack and turnover in three of the past four games, making them a safe bet for a handful of points.

4

## CINCINNATI BENGALS VS BAL

This recommendation relies on Lamar Jackson missing the game for me to have confidence in this matchup. Finishing with at least three sacks and a turnover in three of the last four games, they will be one of the last resort options.
