

WEEK 9 QB STREAMERS

LOOKING FOR PLAYERS ON LESS THAN 55% OF ROSTERS IN YAHOO

1

CARSON WENTZ- (IND) - VS NYJ

Rostered in about 56% of Yahoo leagues, I'm going to make another exception as this is a tough week for streaming QBs. Facing a beatable NYJ defense, I don't expect him to exceed his average of 225 yards and a couple of TDs. However, he's the highest floor option to me as he's been playing well over the past five games and is likely to continue his run as a top 12 QB.

2

TUA TAGOVAILOA - (MIA) - VS HOU

Despite a rough loss against BUF last week, I'm anticipating a rebound performance against the struggling HOU defense. With Parker healthy, Tua will continue to build on the solid two performances throwing more than 275 yards and two TDs since returning from injury. Scoring a rushing TD last week, he has been scrambling a few times each game and I hope he does more of it.

3

DANIEL JONES - (NYG) - VS LV

After his horrible three INT performance, he has been somewhat unimpressive but steady over the past two games with at least 200 yards and one TD. Facing a decent LV defense, I'm not confident on the upside with him. I don't expect him to have one of his best games, but I see a modest floor of 200 yards and a TD with some rushing ability. If you need 15-18 points, he is a solid streaming option.

4

TEDDY BRIDGEWATER - (DEN) - @ DAL

Another floor option to consider, he will be facing a decent DAL defense after struggling through injuries the past couple of weeks. Despite that, he's been one of the safer week-to-week options and will be needed to keep up with a good DAL offense (assuming Dak is healthy) if they want to keep it close. With Jeudy getting healthy, I anticipate finishing somewhere around the range of 225 yards and two TDs.
