

WEEK 11 DEF STREAMERS

LOOKING FOR TEAMS ON LESS THAN 60% OF ROSTERS IN YAHOO

1

GREEN BAY PACKERS @ CHI

After a couple of disappointing performances, they are still a top-10 defense and will face a CHI offense that has failed to surpass 17 points in the last three games since the bye week. They also fired their offensive coordinator and have not scored a touchdown in their previous two games. Remember, this GB defense forced multiple turnovers in their first six games of the season. With the great matchup, this defense has become one of the top streaming options available.

2

HOUSTON TEXANS @ DAL

Facing an elite DET offense, this defense forced five turnovers and forced multiple turnovers in four of the last five games. They also generated a sack in every game this season except last week and four straight games with multiple sacks. Facing a broken DAL offense that couldn't score a touchdown last week, this great matchup makes this a no-brainer streaming option. They also have TEN, after which is another good matchup, making it one of the better high-floor streaming option.

3

MIAMI DOLPHINS VS LV

This one is a bit riskier since this defense hasn't played well throughout the season. Although last week against LAR, they showed some promise, generating multiple sacks and forcing multiple turnovers, now they get to face a struggling LV offense that hasn't surpassed 21 points in four of their last five games. Because of the risk, I wouldn't consider this defense anything more than a last-resort streaming option as a boom-or-bust option.

4

LOS ANGELES RAMS @ NE

Coming off a solid performance last week against MIA, the team has looked better in recent weeks. They forced multiple turnovers in three of their previous four games, generated multiple sacks in five straight games, and held their opponents under 21 points in three games. Due to this hot streak, they are currently a top-12 defense and are facing an NE offense that hasn't surpassed 20 points in back-to-back games, making them a good consolation prize.
