

# WEEK 15 QB STREAMERS

LOOKING FOR PLAYERS ON LESS THAN 55% OF ROSTERS IN YAHOO

## TUA TAGOVAILOA - (MIA) - VS NYJ

In two of the past three games, he has thrown for more than 240 yards and two TDs. Facing a subpar NYJ defense, this is a good matchup for another spot start. Coming out of the bye week, he is one of the top streaming options as I view his floor as one of the highest options listed here. He also has the upside with the offense a little healthier, scoring over 20 points in four consecutive games.

2

## TEDDY BRIDGEWATER - (DEN) - VS CIN

While he doesn't have the upside you would want, he has been okay with at least one passing TD in three consecutive games. The DEN offense has been more run-heavy recently, taking away the needed volume. I anticipate the CIN offense scoring some points, which will force DEN to abandon their run-heavy script against a beatable CIN defense. Definitely risky but worth considering.

## TAYSOM HILL - (NO) - @ TB

He has been one of the best streaming options over the past two weeks due to his rushing ability which raises his floor and upside dramatically. Despite not throwing a TD or more than 200 yards last week, he finished with over 70 rushing yards and two rushing TDs. Facing a TB defense that can stop the run, I'm worried about the possibility of a bust game, but it's hard to turn down the floor despite the risks.

## JIMMY GAROPPOLO - (SF) - VS ATL

With the return of Deebo Samuel and George Kittle, he has been a decent streaming option, recently throwing for at least two TDs in five out of the past six games. HE's also thrown for more 225 yards in three consecutive games. However, facing a vulnerable ATL defense, I expect this SF offense to run the ball more, limiting the upside making this one of the last resort options to consider.
