

# WEEK 16 DEF STREAMERS

LOOKING FOR TEAMS ON LESS THAN 60% OF ROSTERS IN YAHOO

1

## CHICAGO BEARS VS AZ

This defense continues to impress with their fourth straight game with multiple turnovers (top ten in the league in forcing turnovers) and sacks. They also held their opponent to 20 points or less in three games. They now face an AZ offense at home that looked capable but could have been a better offense, too. They also face ATL the following week, so they are one of the few streaming options you can start beyond this week, making them a little more valuable.

2

## DENVER BRONCOS VS NE

Don't let last week's rough performance deter you from an excellent streaming opportunity against a struggling NE offense (bottom five scoring offense) at home. This defense has five straight games generating multiple sacks and forced more than one turnover in four of those (top five in the league in forcing turnovers). They also have held their opponents to 20 points or less in three of their last five games. I believe this is one of the best options available and my top streaming defense this week.

## INDIANAPOLIS COLTS @ ATL

This defense continues to impress with another strong performance last week, where they forced multiple turnovers and at least four sacks in five of their previous six games (top five in the league in forcing turnovers). They now face an ATL offense that failed to score more than 14 points in two of their last three games. Despite being a top-ten defense this season, they aren't considered one and should be rostered in most leagues as a high-upside streaming option, regardless of most matchups.

## GREEN BAY PACKERS @ CAR

After a mediocre performance last week, they now get to face one of the worst offenses in the league. Forcing a turnover in five straight games and generating multiple sacks in four of them shows this defense has some upside in the right matchup. They haven't looked great recently, which concerns me, but the matchup is too good to pass up, considering this offense has not scored more than 20 points since Week 6. This week, they are a high-floor top-12 defense as one of the safer options available.
