

# WEEK 13 QB STREAMERS

LOOKING FOR PLAYERS ON LESS THAN 55% OF ROSTERS IN YAHOO

1

## TAYLOR HEINICKE - (WAS) - @ LV

Against a somewhat okay performance against SEA, he will be facing an LV defense that has given up more than 28 pts in three consecutive games. Obviously, this doesn't make him one of the top streaming targets as he has failed to score more than one TD in six of the past seven games, which lowers his upside, making him a desperate spot start in superflex leagues.

2

## BEN ROETHLISBERGER - (PIT) - VS BAL

My first instinct was to ignore this since this is a divisional rival. However, BAL has some injuries on the defense, which makes this an interesting matchup. Throwing for at least 250 yards or two TDs in four consecutive games, he has been a boom or bust option that has played well against LAC & CHI. At home against a divisional rival, this is a hail mary attempt at getting top 10 numbers.

3

## TUA TAGOVAILOA - (MIA) - VS NYG

Facing a beatable NYG defense, this is one of the safer options available as he has not thrown a turnover in two of the past three games. However, he also has struggled in creating big plays throwing for less than two TDs in three of the past four games. With a lack of upside, I wouldn't be targeting Tua anymore than any of these other options listed unless you like the particular matchup.

4

## JIMMY GAROPPOLO - (SF) - @ SEA

This recommendation does rely on the health of Deebo Samuel. If Deebo is inactive, I may consider pivoting to another option. Throwing for under 200 yards or less than two TDs in three of the past four games shows he's not going to win you a week. However, I anticipate that he will get you a solid 17-19 points if Deebo is active against a mediocre SEA defense.
